Voltage	120 v	120 v	240 v or 208 v		240 v or 208 v	
Wattage	1500 w	1500 w	2000 w	1500 w	2000 w	1500 w
Amperage	12.5 A	12.5 A	8.3 A	7.2 A	8.3 A	7.2 A
Btu/hr	5118	5118	6824	5118	6824	5118
Required circuit breaker size ¹	15 A	15 A	15 A		15 A	
Required wire size (copper)	12 AWG	12 AWG	14 AWG		14 AWG	
Timer	no	yes	no		yes	
Heating element	nichrome wire					
Thermostat & high limit	bimetal type					
Motor	18 w shaded pole					
Blower	galvanized steel, squirrel cage type					
Dimensions	18 1/8" / 46.0 cm H x 13 3/16" / 33.5 cm W x 4 13/16" / 12.3 cm D					
Weight	8.0 lb / 4.4 kg					
Temperature range	41°F - 86°F / 5°C - 30°C					
Frost protection setting	45°F / 7°C					
Operating noise	49.7 dB(a)					

¹ This is our recommendation as the manufacturer. Check local codes for compliance if necessary.

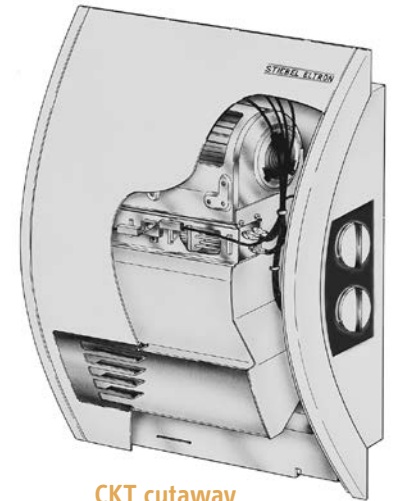

Elegant surface-mount design is perfect anywhere quick heat is needed. Designed and made in Germany, the heater is extremely quiet in operation and will quickly warm an area or maintain a comfortable temperature.

The CKT adds a 60 minute timer designed to temporarily output maximum heat to quickly warm a space. When the timer goes off the unit reverts to the thermostat setting to maintain comfort. Both models are designed with a frost protection setting. The lowest thermostat setting will maintain above freezing temperatures in an appropriately sized space.

CK/CKT is ideal to add supplemental heat to a room that may not quite get enough heat from a central source. It is an elegant and simple solution to add heat to a room not receiving enough heat from a mini-split retrofit.

Both models are designed with a frost protection setting. The lowest thermostat setting will maintain above freezing temperatures in an appropriately sized space.
