

### Item No. 221337 - Solar Thermal Pump Station

- » Glycol circulator
- » 2 boiler drains
- » 1 check valve
- » 1 pressure relief valve
- » 1 pressure gauge
- » 1 flowmeter
- » 1 return thermometer
- » 1 expansion tank port
- » 2 year warranty

### Features

- Steel wall bracket
- Check valve in supply and return ball valve
- Supply line air separator
- Isolatable pump for easy servicing
- 3 speed circulating pump
- Variable speed input

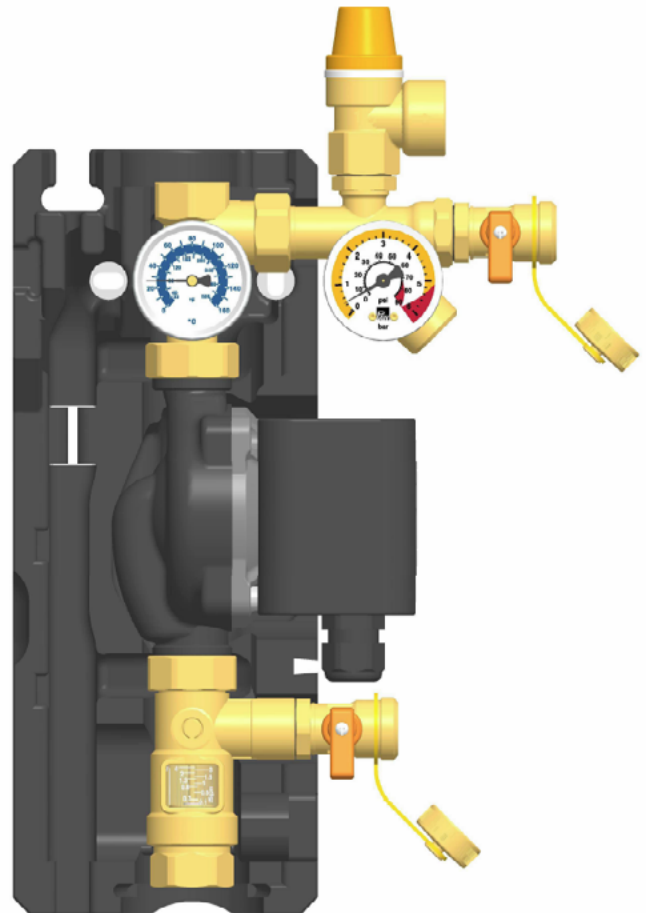

**Flowmeter range:** 1-4 GPM

**Max temperature:** Sustained: 266°F Max: 320°F

**Max pressure:** 145 psi, (PRV @ 87 psi)

**Connections:** 3/4" NPT fittings

**Pump:** Wilo-Star-S16 U15: 80 Watt, .66 Amp Max. , 120 Volt
